Introducing Financial Freedom

Disclaimer

The messages communicated in this online seminar will be a combination of the speakers personal views, financial education from a taxation and education perspective and general advice.

No action should be taken solely on the material contained in this presentation as the information is of a general nature and does not take into account your specific personal needs or circumstances.

You should consider whether what is discussed today is suitable for you and your personal circumstances.

Before you make any decision about whether to acquire a certain financial product, you should obtain and read the relevant product disclosure statement.

In Australia personal financial advice by a licensed financial adviser is ordinarily accompanied by an advice document called a statement of advice. If you have not received a statement of advice it is likely you have not received personal financial advice. Registered financial advisers are listed on a government website, along with the scope of their authorisation.
